

Precision Reloading Customers,

Serving the hunting and shooting community for over 30 years we are proud to offer catalog #33. Our new products as well as the additions to our existing product lines are sure to complete your reloading bench. It is a very exciting time in the metallic industry with cartridge development with cartridges like the 224 Valkyrie, 6.5 PRC & 300 PRC. You will find everything you need for the new calibers on the market to the old standbys in our catalog. Looking for something reloading related we do not carry, call us and let us know!

From shotshells to metallic; handgun or rifle; handloading can cut costs dramatically, improve shooting accuracy, and allow more enjoyment from this incredible hobby. Our staff is committed to satisfying all customers from the beginner to the expert reloader. Simply the best customer and technical service you will find anywhere!

Thank you for your past business and we look forward to helping you for many years to come!

Shotshell
Pressure & Velocity Testing

Check your shotshell loads for stability and consistency with our state-of-the-art Oehler M-35 P Model 57 Chronograph for velocity measured three feet from the muzzle. Pressure is measured with our Piezoelectric transducer system. Test results will include velocity, pressure average, extreme variation, and standard deviation of your 5-shot string. List components used (Hull, Primer, Powder, Wad, Shot). Please supply 6 shells, one will be dismantled to verify components. Always follow reliable loading data. * **Loads can not be shipped through the post office. Ballistic Testing is for Smokeless powder only, NO BLACK POWDER.**

Price 5 Shot String \$40.00

Ammunition sent in for Ballistic Testing must be shipped UPS or Fed-Ex ground and marked with the label below on the outside of the box. You can download and print this label at:

METALLIC PRESSES

Accepts all standard 7/8"-14 threaded dies and universal shellholders.

RE72100 The Boss Press. \$150.99

RE99175 Ball Handle Conversion. \$9.99

opening with 3-13/16" of ram stroke. Accepts all standard 7/8"-14 threaded dies and universal shellholders.

RE79000 \$188.99

Redding The Big Boss II

The new Big Boss II reloading presses have all the desirable features of the Boss reloading press, but are built on heavier frames with a 1" diameter ram and longer 3.8" usable ram stroke for reloading the largest magnum cartridges. The Big Boss II now features the unique Redding "Spent Primer Collection System" used on the T-7 and Ultramag presses. This top of the line single station press has the largest window opening and longest usable ram stroke of any press in its class. Simply, the only press you will ever need.

RE97000 \$215.59

REDDING DIES & SHELL HOLDERS ON PAGE 26-31

Redding T-7 Turret Reloading Press

The T-7 combines strength, power and convenience with the speed and versatility of a turret press. Features seven station turret head with operating handle. Heavy duty cast iron frame for strength and wear resistance. Powerful compound linkage with positive ram stop. Accepts all standard 7/8"-14 threaded dies and universal shell holders. 7-3/4" press opening with 3-13/16" ram stroke. Shell holders may be rotated to any comfortable position desired. "Smart" primer arm for seating small and large primers. Competition die compatible. Comes with ball handle. (Dies and Shell Holder sold separately).

- RE67000** T-7 Turret Press \$328.99
- RE67002** T-7 Extra Turret Head \$78.99
- RE99600** Optional Slide Bar Automatic Primer Feed System \$56.99
- RE67950** T-7 Turret Stacker \$44.29

Redding Ultra Mag Reloading Press

The Ultramag features a huge 4-3/4" frame opening and 4-1/8" of usable ram stroke, making it ideal for loading oversized cartridges such as the old Sharps "Buffalo Cartridges" and British "Nitro-Express" rounds. Its unique long link compound leverage system has more mechanical advantages over a greater distance than any other reloading press on the

market. Offset handle is out of the way for all reloading operations. Steel adapter bushing accepts standard 7/8" - 14 threaded dies and is removable to accepts 1-1/4" - 12 die threads.

RE70000 \$329.99

Redding Boss Pro-Pak Reloading Kits

Redding has selected their best reloading components and put them into one neat, money-saving package. This kit was created for both the first-time reloader to get started right and for the more advanced reloader desiring to upgrade his equipment. The Boss Pro-Pak contains the following:

- The Boss reloading press
- Model 2 Powder and Bullet Scale
- Redding Powder Trickler
- Redding Case Lube Pad and Lube
- Redding Deburring Tool
- Redding Model 18 Case Preparation Kit - Includes handle, large & small primer pocket cleaners and three case neck brushes
- Redding Powder Funnel

RE20000 Boss Pro-Pak. \$382.99

RE99175 Ball Handle Conversion. \$9.99

Redding Versa Pak Reloading Kit

As the name implies the Versa Pak was created for versatility, offering all of the products a serious handloader needs, (without the press and dies), at a substantial savings over the cost of the individual items. This allows the first time or seasoned handloader to improve his or her experience with, not just the best equipment but equipment best suited to his or her individual needs. The Versa Pak includes the Model 2 Powder and Bullet Scale, Powder Trickler, pad style Case Lube Kit, Deburring Tool, Model 18 Case Preparation Kit, Powder Funnel and the Hodgdon Annual Manual plus a Model 3 Master Powder Measure, a 1400 XT Case Trimmer, Imperial Dry Neck Lube in Application Media, a starter size of Imperial Sizing Die Wax and their DVD, "Advanced Handloading, Beyond the Basics".

RE35000 \$429.99

Redding Versa Pro Pak Kit

Contains everything in the Versa Pak Reloading Kit with the upgrade of the 1400 XT Case Trimmer to the unique Micrometer Adjustable Model 2400 Case Trimming Lathe. It also adds the Match Grade model 3BR powder measure in place of the classic Model 3.

RE35750 \$534.99

Redding "E-Z Feed" Shell Holder Set

New tapered design allows easy case entry. Machined to very close tolerances to fit your cases perfectly and eliminate potential problems. The universal design fits all popular presses. Only Redding

Shell Holders are heat treated and have outside knurling to make them easy to handle and change. This set consists of six of the most popular Shell Holders in a handy storage box. Contains Shell Holders #1, #6, #10, #12, #18, & #19.

RE11900 Shell Holder Set \$58.99

RE11699 Extra Shell Holder Box \$4.79

advanced techniques needed to improve the accuracy of your ammunition and is hosted by noted handloading author, John Barsness. (DVD)

RE05978 \$17.29

Redding Advanced Handloading - Beyond The Basics

A perfect companion to your new Redding reloading equipment, this DVD guides you through the

Hornady Lock-N-Load® Classic Single Stage Press

The Lock-N-Load® Classic is the only single-stage press to feature quick change dies. If you reload more than one caliber and want the ease and simplicity of a single-stage press, you want Hornady's Lock-N-Load® Classic. The Lock-N-Load® Bushings make changing calibers with a single-stage press faster and easier than ever before. Switch from one die to another with just a quick twist, no screwing and unscrewing dies or die adjustments are needed.

The auto primer feed shown in photo is optional, and is sold separately.

HN085001 .. Classic Single Stage Press .. \$149.99

Hornady Classic Single Stage Automatic Primer Feed

Includes both large and small primer tubes. Use with Hornady's Positive Priming System and there's no more fumbling with primers - priming is 100% hands off.

HN070905 \$45.99

Hornady Classic Single Stage Primer Tubes

Stocking your reloading bench with extra primer tubes will allow you to make caliber changeovers quick and easy.

HN050004 Large \$9.99

HN398511 Large 3 Pack \$25.99

HN050005 Small \$9.99

HN398509 Small 3 Pack \$25.99

Hornady Lock-N-Load® Die Bushing

Maximize your reloading time with the Lock-N-Load quick change bushing system. The Lock-N-Load reloading system is a patented quick change bushing system that lets you change dies with a simple flick of the wrist. With Lock-N-Load technology in your reloading press, you can stop loading, change dies and start loading another caliber in SECONDS.

HN044094 2 Pack \$9.99

HN044093 3 Pack \$15.99

HN044096 10 Pack \$47.99

Hornady Lock-N-Load® Die Bushing Conversion

Simply insert a Hornady bushing into your RCBS® Rock Chucker or other reloading press using a 1-1/4"-12 thread, and you're ready to take advantage of Hornady's Lock-N-Load technology. The Lock-N-Load Conversion Kit includes three die bushings and one conversion bushing.

HN044095 Conversion Bushing. \$9.99

HN044099 Conversion Kit \$15.99

Sure-Loc Rings

Lets you make precise adjustments of all standard 7/8"-14 dies and accessories. Clamps around the whole die. Can't damage the threads. Applies constant pressure across the threads to hold the ring in place.

HN044000 Each \$4.99

HN044606 6 Pack \$19.99

METALLIC PRESSES

Hornady Lock-N-Load® Deluxe Classic Kit

The Lock-N-Load Deluxe Classic Kit represents the most complete single stage reloading package Hornady offers. The Lock-N-Load® Classic Press is the only single-stage press to feature quick change dies. The Lock-N-Load Bushings make changing calibers with a single-stage press faster and easier than ever before.

Kit Includes:

HORNADY DIES & SHELL HOLDERS ON PAGE 15-17

Hornady Lock-N-Load Iron Press Loader w/Manual Prime

The next evolution in single stage press technology! With a heavy duty, fully ambidextrous, cast iron frame, the Iron Press is built to be the heaviest, most rigid press in its class. Tight tolerances in manufacture and assembly combine to provide consistency and precision that will deliver match accurate ammunition, round-after-round, year-after-year. The available gravity fed Automatic Priming System (sold separately or with the Lock-N-Load Iron Press Reloading Kit), combined with the Accessory Mounting Deck, increases reloading efficiency by allowing more processes to occur simultaneously.

HN085521 Press Kit. \$564.99

METALLIC PRESSES

RCBS® Rock Chucker Supreme Master Reloading Kit

RCBS has taken the new benchmark of single stage presses and surrounded it with the equipment you need (except dies and shell holders) to start loading like a pro. A simple solution for the beginner and pro alike.

- Kit Includes:**
- Rock Chucker Supreme Press
 - M500 Mechanical Scale
 - Uniflow Powder Measure
 - Hand Priming Tool
 - Universal Case Loading Block
 - .17-.60 Debur Tool
 - Hex Key Set
 - Case Lube Kit
 - Powder Funnel
 - Nosler Reloading Manual
- RC09354**\$367.99

RCBS® Rock Chucker Select Kit

RCBS has taken the new benchmark of single stage presses and surrounded it with the equipment you need (except dies and shell holders) to start loading like a pro. A simple solution for the beginner and pro alike.

- Kit Includes:**
- Rock Chucker Supreme Press
 - Range Master 750 Electronic Scale
 - Uniflow Powder Measure
 - Advanced Powder Measure Stand
 - Universal Hand Priming Tool
 - Trim Pro Manual Trimmer Kit
 - Universal Case Loading Block
 - .17-.60 Debur Tool
 - Case Slick Spray Lube
 - Quick Change Funnel Kit
 - Precisioneered Handloading DVD
 - RCBS Ballcap
 - Nosler Reloading Manual
- RC09363**\$570.19

RCBS® Rock Chucker Supreme Press

The most popular reloading press just got better! The Rock Chucker Supreme press has been lengthened to allow easy loading of today's longer cartridge designs and renamed the Rock Chucker Supreme. With the same easy operation, ambidextrous handle, outstanding strength and versatility, the Rock Chucker Supreme is ideal for the beginner and advanced pro alike. Rock Chucker Supreme Press accepts all standard 7/8"-14 threaded dies and 1-1/4"-12 threaded dies with bushing removed.

- RC09356** Rock Chucker Supreme Press \$181.99
RC09550 Replacement Universal Primer Arm (Large & Small) \$15.99
RC09552 Replacement Plug & Sleeve, Large Primers. \$4.99
RC09553 Replacement Plug & Sleeve, Small Primers. \$4.99
RC86881 Press Dust Cover \$10.99

RCBS® Summit Single Stage Reloading Press

Unlike other presses, the "Summit" operates on top of the bench; the case does not move, the reloading die comes down to the case. Its all-steel linkage and cast iron frame provide the stability and ruggedness all reloaders need. The ambidextrous design allows unprecedented access to your cases, and you can quickly change dies. The Summit also offers compound leverage, a massive 2-inch diameter ram, full frontal access, a press adapter bushing, zerk fitting for lubrication, ambidextrous handle operation with compound leverage, spent primer catcher and 4-1/2" operating window for convenient access. It accepts bushings for 1" die bodies and is made in the USA. Summit Single Stage Reloading Press accepts all standard 7/8"-14 threaded dies and 1-1/4"-12 threaded dies with bushing removed.

- RC09290** Summit Press \$224.99
RC09291 ... Short Handle-Summit Press ... \$16.99
RC09294 Arbor Die Conversion Kit \$22.99

RCBS® Turret Press

Simple operation - no complex or automated processes. You have complete control over every reloading step. Rugged, cast iron frame, toggle block and turret head. Heavy duty construction to minimize springing. Detent on Turret Head for positive alignment. Standard 7/8"-14 threads for most popular reloading dies and accessories. Six-station Turret Head allows many combinations in the mounting sequence of dies and powder measure permits two or more calibers to be set up at the same time.

- RC88901** Turret Press \$269.99
RC88902 Extra Turret Head \$59.99

RCBS® Rock Chucker Supreme Auto Prime Unit

The RCBS Supreme Auto Prime body attaches to the same place as the standard priming arm. Attach the proper primer cup and seat plug to the priming arm slide, insert the correct primer tube and safety shield, fill the primer tube and you are ready to prime. The straight push-pull primer arm slide reduces the chances of primers falling out of the primer seat plug.

- RC09358** Auto Prime Unit \$45.99
RC09581 Extra Large Primer Tube ... \$13.99
RC09582 Extra Small Primer Tube ... \$13.99

RCBS® Reloader Special-5 Press

The latest in their popular line of Reloader Special presses. Featuring a more comfortable ball handle and a primer arm that lets you prime cases at the same time you resize. Accessory Base Plate not included.

- RC09285** Special-5 Press \$149.99
RC86881 Dust Cover \$10.99

RCBS® Partner Press

The Partner™ Press is easy to use and incredibly durable. Their least expensive press offers big performance in a compact package. It's also perfect as a second press for different operations. It features a compound leverage system, durable steel links and a priming arm that eliminates the

need for a separate priming tool. Accessory Base Plate not included.

- RC87460** Partner Press \$94.99
RC86881 Dust Cover \$10.99

RCBS® Accessory Base Plate-3

Save time, space and eliminate a loading bench top full of holes. Simply attach the Base Plate-3 to any work surface, then use the pre-tapped, letter-coded holes to quickly mount or dismount RCBS® Pro Chucker 5, Pro Chucker 7, The Grand Shotshell, Rock Chucker Supreme, Summit, Trim Pro-2 Case Trimmers, Trim Pro, Powder Measure Stand, Lube-A-Matic-2, Reloader Special, Rock Chucker, Pro 2000, Turret Press, AmmoMaster, Partner Press and the APS Bench Mounted, Automatic and Standard Priming Tools. Fastening hardware included. Measures approximately 10" x 6" x 1".

RCBS® Explorer Plus Reloading Kit

RCBS® has compiled some of the most important tools and equipment reloaders need in this new kit. Each kit includes solid, reliable reloading tools, and each saves consumers more than \$100 over the cost of buying the items separately.

- Kit includes:**
- Reloader Special™-5 press
 - 1,500-grain Digital Pocket Scale
 - Hand Priming Tool
 - Debur Tool
 - Case Slick® Spray Lube
 - Advanced Powder Measure Stand
 - Stainless Steel Dial Caliper
 - Six Die Lock Rings
 - Uniflow™ Powder Measure
 - Nosler Reloading Manual
 - Universal Case Loading Block
 - Powder Funnel
 - Powder Trickler-2
 - Pow'r Pull® Kit
 - Measure Cylinder (small)
 - #2, #3, #4, #10 and #43 Shell Holders
- RC09287** \$439.99

RCBS® Reloader Special-5 Starter Kit

This is one of the truly remarkable values in reloading. It has everything you need to get started reloading rifle and pistol cartridges (except dies and shell holders). For "upscale" reloading at an affordable price, this kit can't be beat. All RCBS reloading kits have been updated to include the Universal Case Loading Block, .17-.60 Debur Tool and the Accessory Handle-2.

- Kit Includes:**
- Reloader Special- 5 Press
 - M500 Mechanical Scale
 - Case Lube Kit
 - Universal Case Loading Block
 - .17-.60 Debur Tool
 - Powder Funnel
 - Nosler Reloading Manual
- RC09042**\$299.99

RCBS DIES & SHELL HOLDERS ON PAGE 17-21

RCBS® Precisioneered® Handloading

Whether you're an old pro or just getting started in handloading, this is the best investment you'll ever make. Precisioneered® Handloading is both entertaining and educational - a must see for the do-it-yourselfer. (30 Min. DVD)

- RC99910** \$9.99

K&M Arbor Press

This rugged press is used with hand dies at your home loading bench and at the range. Doesn't need to be clamped to the bench - the toggle link/crankshaft design makes it an exceptionally smooth tool to "feel" the work being done, which is important when seating bullets. The ram rides in Oilite Bronze Bushings. Sized to fit in your loading box (Base - 3.75" x 5"; Height - 11"). The height, from ram to base, is adjustable from 2.9" to 6.2" with a .900" minimum stroke. NOTE: To adjust head height, loosen (4) screws on back of column.

- KMARBRH** K&M Right Hand Arbor Press \$115.99

KMDIAL Dial Indicator .001" \$29.99
KMDI0005 Dial Indicator .0005" \$51.99
KMDB Die Base (Wilson Type Dies) \$12.99

Forster Co-Ax® Press (Model B5)

Forster one-of-a-kind press is the most powerful and accurate press on the market. It keeps the reloading process simple while still delivering famous Forster Products precision.

Features:

- **Perfect alignment of the die and the case.** The Shell Holder Jaws are designed to float with the die, which allows the case to center precisely in the die. The top of the stroke comes to a rock-solid stop for consistency of headspace and bullet seating dimensions
- **Requires very little force to use.** With three times the mechanical advantage of an ordinary "C" press, the Co-Ax Press is so effortless that full-length sizing can actually be accomplished by operating the handle with just one finger
- **Unique top priming device seats primers to factory specifications.** The seater is always at right angles to the case head. Primers will not flip or tip; they will be seated straight, level and at a uniform distance below the case head. Primers cannot be crushed, nor will they protrude from the case head and cause premature firing
- **No shell holders required.** "S" (Standard) Shell Holder Jaws hold 90% of commercial cartridges and the Optional "LS" (Large/Small) Shell Holder Jaws cover most of the remaining 10%. Includes "S" Shell Holder Jaws. To handle those cartridges that are not covered by the "S" or "LS" Shell Holder Jaws, the Shell Holder Adapter Plate must be purchased below

- FRS028271** Co-Ax® Reloading Press (Model B5) \$327.99
FRSDIEG10 Crossbolt Lock Ring \$6.99

METALLIC PRESSES

Lyman®

Lyman Brass Smith All-American 8 Turret Press

The eight station Brass Smith All-American 8 Press is the most feature-packed, rugged turret press on the market! It is equipped with an easily removed turret bolt which makes swapping turrets simple. The frame is large enough to work with even the longest rifle cartridges. The straight line primer feed is completely reliable and simple to use. The Brass Smith All-American 8 Press

is equipped with a comfortable ball handle which can be positioned for either right or left hand use. The Brass Smith All-American 8 Press is designed for use with any standard 7/8"-14 thread dies and accepts standard shell holders.

LY7040750.....\$224.99
LY7726165..Extra 8 Station Turret Head..\$46.99

Lyman Brass Smith Victory Press

The Lyman Brass Smith Victory Press is the workhorse of our line. You cannot find a more sturdy, rugged, and rigid single station press available. We started with a heavy duty cast iron "O" frame, and added a 1" diameter ram, and compound linkage. Work the press handle and you will feel the tight, precision fit and smooth operation. The Victory Press comes with a newly designed straight line primer feed. The large 5" frame opening makes even the

largest magnum calibers easy to load. The Victory Press is designed for use with any standard 7/8"x14 thread dies and accepts standard shell holders.

LY7726350.....\$159.99

Lyman Brass Smith Ideal Press

The compact design of the Ideal Press requires minimal bench space. The rugged press frame is made of cast iron, while other components are all steel. The press features compound linkage for optimum leverage, a 1" diameter ram, and a 3-7/8" press opening which can handle all pistol calibers and rifle cartridges with a loaded length of up to 3.700". The Ideal Press accepts all 7/8"-14 thread dies and standard shell holders.

LY7726500.....\$79.99

Lyman Crusher II Reloading Press

Lyman's new Crusher II is the ideal press for reloading both rifle and pistol cartridges. The Crusher starts with a 1" diameter ram, compound linkage and a 4-1/2" press opening. Its classic "O" frame design takes all standard 7/8"-14 dies. The new base design has 14 square inches of "machined flat" surface area with 3 mounting bolt holes for perfect rigid mounting. Unlike competitive models, the Crusher's ball handle mounts for either right or left-handed operation.

LY7726300.....\$143.29

Lyman Brass Smith All-American 8 Reloading Kit

The heavy duty Brass Smith All-American 8 station press is large enough to handle the biggest rifle cartridges, yet offers speed and precision for pistol shooters. Along with the smooth operating 8-station turret capable of holding up to 4 two die sets, the press is equipped with our brand new straight line Auto Primer Feed.

All-American 8 Reloading Kit includes:

- Brass Smith All-American 8 Press
 - Brass Smith Powder Measure & Stand
 - 50th Edition Reloading Handbook
 - Pocket Touch 1500 electronic scale with funnel pan and dipper
 - Universal Trimmer with pilot multi-pack
 - Case Prep Multi-Tool
 - Magnum Bullet Puller
 - Case Lube Kit
 - Loading Block
 - Powder Dribbler
 - E-ZEE Powder Funnel
 - Primer Tray
- LY7810370.....\$399.99

Lyman Brass Smith Victory Reloading Kit

This workhorse cast iron press is equipped with our completely new Auto Primer Feed and is the most rugged yet precise single stage press available.

Lee 50th Anniversary Kit

Includes the new Breech Lock Challenger Press and one Breech Lock quick-change bushing. You get a complete powder handling system, with the most convenient and repeatable Perfect Powder Measure. Plus the Lee Safety Scale, the most sensitive and safest of all powder scales and fill your case with the included Powder Funnel. Case Preparation tools include a Value Trim for press mounted trimming convenience (caliber specific die bodies purchased separately see page 47). An included chamfer tool chamfers the inside and outside of the case mouth and a tube of premium sizing lube is included. A small and large primer pocket-cleaning tool completes the case preparation package. But that's not all! You get the large and small Safety Prime.

LE90050.....50th Anniversary Kit.....\$129.99
LE90600..Breech Lock Bushings (2 pack)..\$7.99

Lee Breech Lock Quick Change Bushings

Breech Lock bushings fit all Lee Breech Lock Presses. Allows instant, accurate die changes. Perfect with Lee Lock Rings. 2 pack.

LE90600.....\$7.99

Lee Lock-Ring Eliminator

Split clamp positively locks die into position. Includes 7/64" allen wrench. The Eliminator is turned from a solid piece of steel and the lock ring is integrated into the design of the part. Thus giving you a better grip when removing from your breech lock equipped press and a added sense of security knowing that your die adjustments will not change when removing. Pack of 2 Lock-Ring Eliminator bushings.

LE90063.....\$12.99

Lee Die Lock Ring

Finger tighten-set and forget, they never move. Just be sure to always loosen your dies by turning the ring, not the die. These have become so popular that they sell thousands of lock rings to people who want to update other brands.

LE90534.....\$3.99

Lee Ram Prime

Primes on the press up-stroke for a more sensitive feel. Includes easy to change punches for both large and small primers. Fits all brands of presses. Same tool as supplied with Hand Press Kit.

LE90106.....\$12.99

Lee Breech Lock Reloader Press

Now with the Breech Lock System. An outstanding value. Exclusive balanced lever that can't drop down to pinch your fingers. Unlimited hand clearance that only a "C" frame can offer. Works equally well with the right or left hand. Even if you already own a press, an extra press is always useful for decapping, bullet seating or bullet sizing.

LE90045.....Breech Lock Press.....\$37.99
LE90600..Breech Lock Bushings (2 pack)..\$7.99

Lee Deluxe Challenge Kit

Lee has taken the worlds most popular Breech Lock Challenger press and combined it with the best accessories at a price less than what others charge for a "basic kit." Kit Includes the Deluxe Perfect Powder Measure, Auto Bench Prime with priming tool shell holder set, Deluxe Quick Trim and Modern Reloading Handbook. Other items included are Case Conditioning Kit, Powder Funnel and Lee Case Lubricant.

LE90080.....\$214.99

Lee Breech Lock Challenger Kit

This kit features the same components as the 50th Anniversary Kit, but Lee has replaced the Safety Prime with the Auto-Prime XR and a set of Auto-Prime Shell Holders. Includes the Value Trim for press mounted trimming convenience (caliber specific die bodies purchased separately see page 47) new Breech Lock Challenger Press and one Breech Lock quick-change bushing. You get a complete powder handling system, with the most convenient and repeatable Perfect Powder Measure. Plus the Lee Safety Scale, the most sensitive and safest of all powder scales and fill your case with the included Powder Funnel. Case Preparation Tools include a cutter and lock stud to trim your cases. Order the correct quick trim body die for the calibers you will be loading. An included chamfer tool chamfers the inside and outside of the case mouth and a tube of premium sizing lube is included. A small and large primer pocket-cleaning tool completes the case preparation package.

Lee Value 4 Hole Turret Press Kit

The rugged Turret Press along with the Auto Disk Powder Measure, produce top quality handgun ammo in a hurry. When it is time to change calibers, simply lock in a new turret. In addition to the Turret Press and Auto Disk Powder Measure; the kit includes the Lee Safety Scale, a Primer Pocket Cleaner, Cutter and Lock Stud to trim the cases and a chamfer tool to deburr cases after trimming. The auto index feature can be disabled in seconds and then re-enabled in the same amount of time. For rifle reloaders, the maximum cartridge length that can be reloaded on this press is 2-5/16".

LE90928 Value Turret Press Kit\$134.99
LE90269 Extra 4 Hole Turret Head \$13.99

Lee 4 Hole Classic Turret Press Kit

The Classic Turret Press is fast and convenient when loading handgun cartridges, with rates in excess of 250 rounds per hour possible. The Kit includes the Pro Auto Disk powder measure and riser. Large and Small Safety Prime are included, making on press priming an ease. Instant change turret makes changing calibers a snap. Deactivate the auto-index and batch load the longest and largest rifle cartridges. Includes Cutter, Lock Stud, Chamfer Tool, Small and Large Primer Pocket Cleaner, Lee case sizing lube and Safety powder scale. Completing the kit is Modern Reloading Second Edition.

LE90304 Classic Turret Press Kit \$219.99
LE90269 ... Extra 4 Hole Turret Head..... \$13.99

Lee 4 Hole Classic Turret Press

This press has all the features of the award-winning Turret Press with quality touches that make this the finest, most convenient press to own. The Classic Turret features the solid steel linkage of the Lee Classic Cast. The industry's largest ram is drilled completely through to dispense primers in an attached clear PVC tube. Instant change turrets are the same as the famous Lee Turret Press. The Classic Turret uses the new Lee Lever Primer System (LPS) and the Lee Safety Prime tool makes priming on the press a delight. **Note:** If you are using the Auto-Disk Powder Measure on this press, the Auto Disk Riser will need to be purchased to provide adequate clearance for the Lee Safety Prime.

Lee Safety Prime

Lee Safety Prime is a new priming system for small and large primers, never again touch the primers from box to shell. Usable with 2006 and newer Turret Presses, Classic Turret Press, Breech Lock Classic Cast, and the Classic Cast Press.

Hornady Lock-N-Load® Pistol Bullet Feeder

Turn your progressive press into a bench mounted ammo factory! The new Lock-N-Load® Bullet Feeder is the latest accessory designed for the Hornady Lock-N-Load® AP reloading press. The new Lock-N-Load® Bullet Feeder is designed as an accessory for the Hornady Lock-N-Load® AP reloading press, but can be used with any other press with 7/8"-14 die threads. The bullet feeder die is case activated which means

the bullet will only feed upon contact with a case. The easy-feed bullet hopper holds up to 200 pistol bullets and features an adjustable center plate and bullet feed-wipers to ensure smooth feeding. With a lifetime warranty, the Hornady Lock-N-Load® Bullet Feeder will be around to reload as long as you are! Bullet feeder dies are sold separately. **NOTE:** Bullet Feeder is designed for use with jacketed or plated pistol bullets only.

Hornady Quick Change Powder Die - Case Activated Lower Assembly

Designed specifically for use with the new and improved Case Activated Powder Drop, this accessory makes changing over your LNL-AP faster and easier than ever! It allows you to preset dies for the quickest caliber conversion on the market. Includes lower bracket with guide bushing and lock ring. Our new Powder Through Expanders work great with the Quick Change Powder Die.

HN050074\$27.99

Hornady Deluxe Die Wrench

The Deluxe Die Wrench is the ultimate 4-in-1 reloading tool for your Lock-N-Load® AP™ or single stage Classic press. This tool holds the shell plate and keeps it from rotating while you change plates and tighten the main press screw. It also adjusts the tightness of the spindle lock and the lock rings, and can tighten or loosen the die flats. No reloading bench should be without one!

HN396495\$22.99

Hornady Lock-N-Load Rifle Bullet Feeder

The Lock-N-Load® Rifle Bullet Feeder is designed for the Lock-N-Load® AP™ reloading press. Sold as a complete unit for 22 caliber bullets, a conversion kit for 30 caliber bullets is also available, giving the reloader the versatility to load the two most popular calibers. Plus, it's compatible with other presses and uses the industry standard 7/8"-14 die threads. The Bullet Feeder Die is case activated; the bullet will only feed upon contact with the case. One station is used to feed, seat and crimp the bullet.

Note: The new Rifle Bullet Feeder System must be purchased separately from the Hornady® Pistol Bullet Feeder because the hopper systems and die bodies are not compatible. Cast lead bullets cannot be used in either Hornady® Bullet Feeder.

HN095340\$389.99
